### Why Oral Fluid

- Highly customizable test panel options covering a range of prescription and illicit drugs and alcohol
- Non-invasive collections with no exposure to specimen
- Better recent-use indicator than urine
- Protection against sample adulteration and tampering
- Collection device provides better THC recovery and stability; volume indicator guarantees sufficient collections (99% accuracy)
- Fast turn-around time from receipt of specimen

### How to set up an account

Call the laboratory (724.691.0263) or visit [www.steelfusionlabs.com](http://www.steelfusionlabs.com) for an account form to get registered. Our staff will immediately send out testing supplies directly to you. When your supplies arrive, start testing and utilize our pre-paid package to ship the samples back to us. Your results will be available on our secure web portal within 48 hours.

### What's Next

Our highly trained staff of professionals are available to you five days a week. We also have an expert witness to provide court testimony and consultations.
